- Residential Unit Overlay within the High Flood Hazard Management Area
- Flood Management Area
- Fixed Minimum Floor Level Overlay within Flood Management Area
- Flood Ponding Management Area
- Te Waihora / Lake Ellesmere Flood Management Area
- Waimakariri Flood Management Area
- Waimakariri River Primary Stopbank Setback
- Waimakariri River Secondary Stopbank Setback
- Wairewa / Lake Forsyth Flood Management Area

Information Only

- District Boundary
- 220kV National Grid
- 110kV National Grid
- 66kV National Grid
- 66kV Electricity Distribution Lines
- 33kV Electricity Distribution Lines
- 11kV Heathcote to Lyttelton Electricity Distribution Lines
- Railway
- Lyttelton Tunnel Road
- Major Arterial Road
- Minor Arterial Road
- Collector Road
- River

The cadastre and coastline shown on the planning maps is not part of the information in the District Plan. It has been provided on the planning maps as an additional function to enhance navigability and search capability. District Plan rules do not apply for overlays extending into the CoastalMarine Area. The Coastal Marine Area is as defined in the Resource Management Act. The cadastre was based on the most recent information held by the Council at the date the map was produced. Establishing compliance or otherwise with the plan may require a formal survey.

The District boundary is as defined in the Resource Management Act, which uses the definition from the Local Government Act. The line on these maps representing the District boundary is indicative and for information purposes only. The actual boundary is as defined in the legislation. Determining rights and obligations under the District Plan where the District boundary is relevant may require a formal survey.

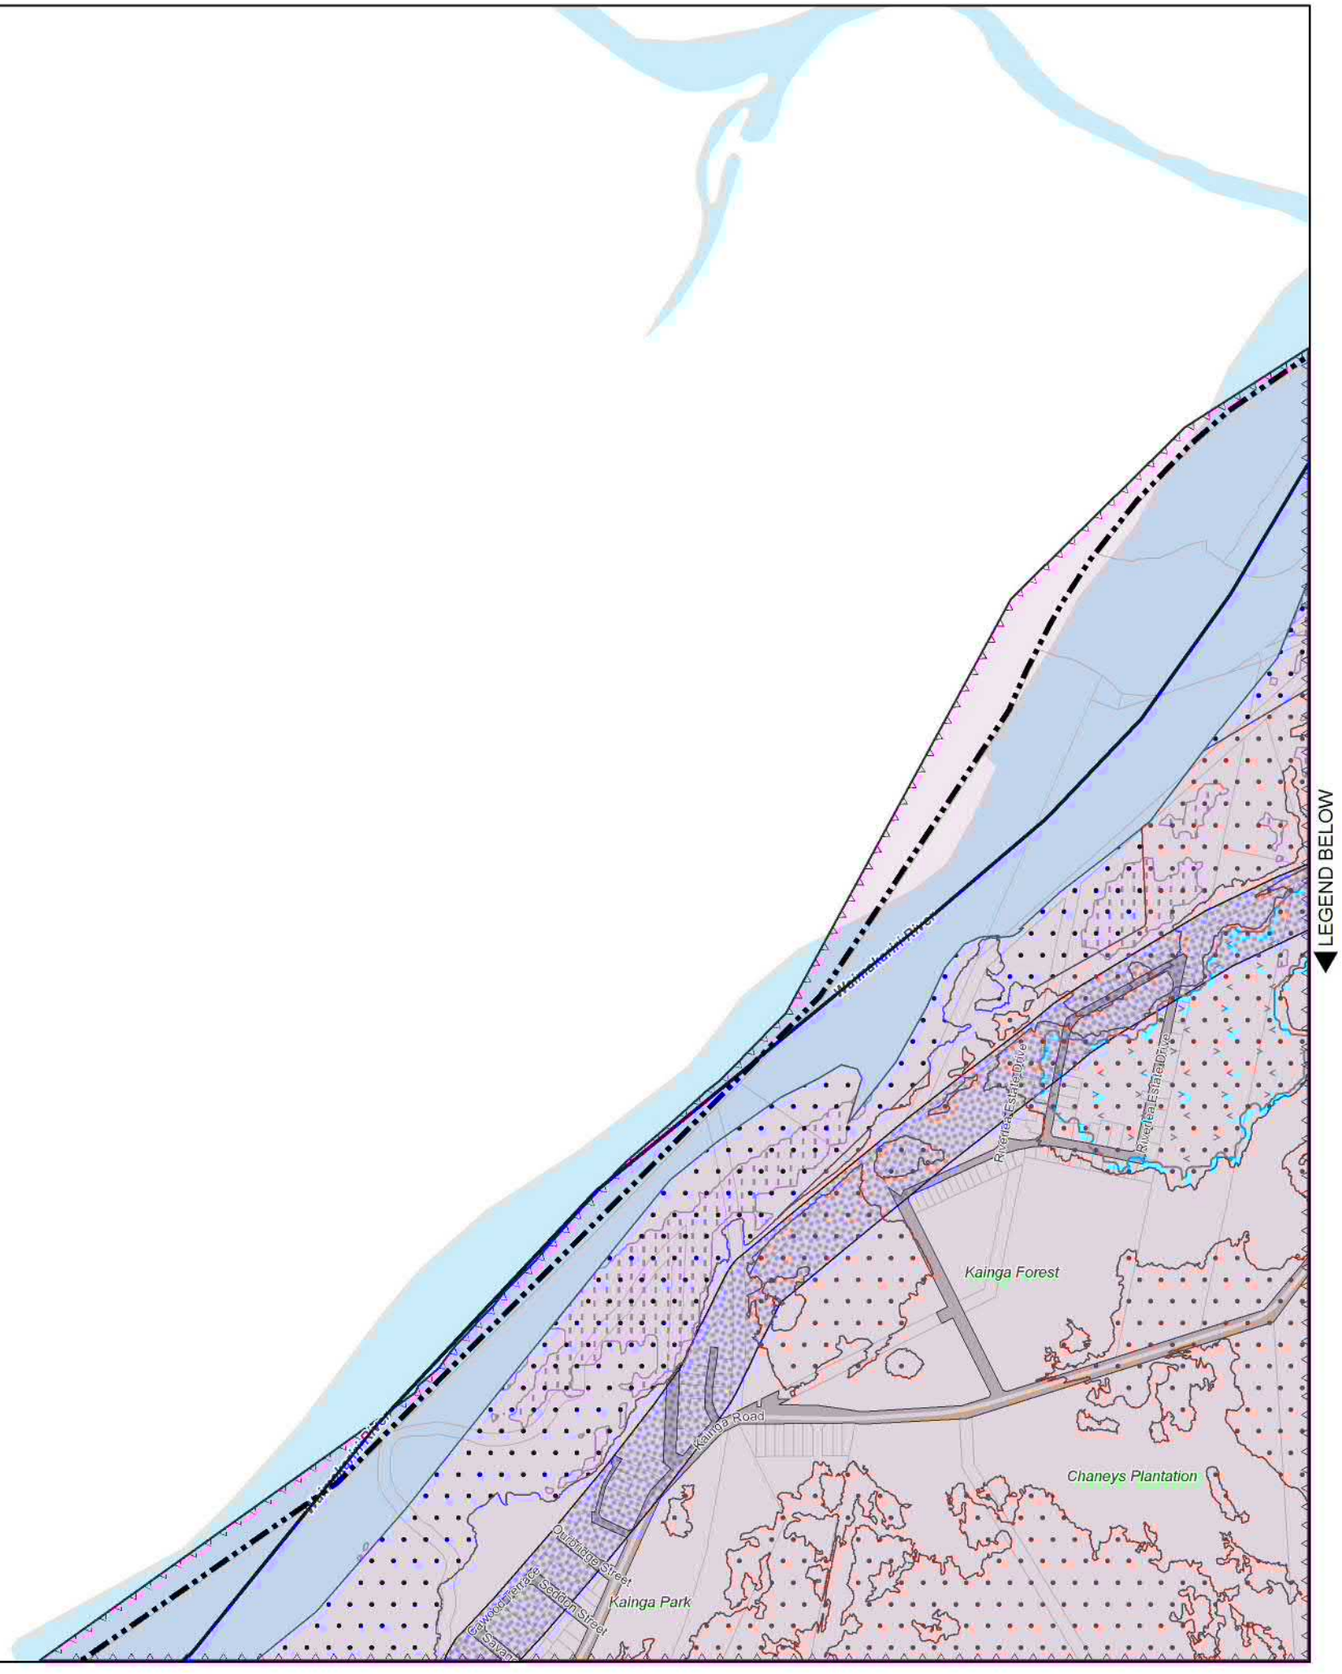

The District Plan planning maps are at a scale of 1:10000 and 1:50000. Use at any other scale than specified on each map is for information purposes only, and does not form part of the District Plan.
